Re: NSTAR Electric, D.T.E. 03-48
2003 Energy Efficiency Plan

Dear Secretary Cottrell and Commissioner O'Connor:

On April 30, 2003 NSTAR Electric (the "Company") submitted its 2003 Energy Efficiency Plan ("EEP") to the Department of Telecommunications and Energy (the "Department") and the Division of Energy Resources ("DOER") in the form of a Settlement Agreement between NSTAR Electric and the Settling Parties (The Energy Consortium, Low-Income Energy Affordability Network, Associated Industries of Massachusetts and Massachusetts Climate Action Network). The Settling Parties' request for approval of the Settlement Agreement is currently before the Department.

With this letter, the Company is providing a corrected copy of *Table 3 Summary of Out-Sourced Services* of the EEP and of *Table 1 Available Performance Incentive Dollars* of Appendix D.

Also, in Section VI of NSTAR Electric's EEP the Company stated it would "develop a proposal for Performance Metrics in consultation with the Parties and other distribution companies and [would] file that proposal with the Department in May 2003". As such, attached are the specific metrics associated with NSTAR Electric's *Table 4 Component 3: Performance Metrics*.

NSTAR Electric is authorized to state that the Performance Metrics have been reviewed and approved by the Settling Parties and the DOER. NSTAR Electric requests that the Department include the corrected tables and the Performance Metrics submitted herewith in its review of the Company's 2003 EEP.

Thank you for your attention to this filing. Should you have any questions, please do not hesitate to contact me.

Sincerely,

Lisa M. Carloni
Director, Energy Efficiency
